Working Papers Procedure-under 16 years of age by June 23, 2012

As far as the working papers go, here's the process:

1. You get the "intention" form from the School (you'll need a new one). Fill out only the check box for your age and boxes 1 and 2 (your name and address).
2. Send the form to us. We'll fill out boxes 3-9 and send it back to you.
3. Have your "parent or legal guardian" review the form and sign it (this tells the school they are allowing you to work for us in the job we describe).
4. Give the completed form to the school. They will then issue you the working papers.
5. Send us the original of the working papers for your file. I strongly advise you to keep a copy for yourself. Since the process is so tedious, it is better for you to have your own copy in case we need it.
